TOUR
ROAD TO THE LPGA

The National Golf Club of Westlake will again be hosting the Women's professional golf tour "APT." In the past this has been a huge success for the course and the city of Westlake... all made possible by volunteers like you.

Volunteers play a critical role to help conduct a smooth and successful tournament week here at the National. We expect around 100 professional golfers to compete in the event. This tournament will consist of four (4) rounds of golf, starting on Tuesday, March 15 and ending on Friday, March 18.

We are looking for people to help contribute time and energy during these tournament rounds. The days will be split up between morning and afternoon and have various starting and ending times. Please consider staying for the whole day, but if you can't please volunteer for the time you can commit to.

If you are interested in volunteering please contact Robert Robertson by email robbierobertson@live.com or by phone (832-319-8124) to be added to the list.
